Asignando Labels antes de publicar – Paso 3

The screenshot shows the GitHub interface for creating a new issue. At the top, there are buttons for 'Unwatch', 'Star', and 'Fork'. Below these are tabs for 'Wiki', 'Security', 'Insights', and 'Settings'. On the left, there's a 'Related Issues' section with a 'Beta' label and a 'Try it.' link. Below that is a 'Submit new issue' button. The main content area is divided into sections: 'Assignees' (No one—assign yourself), 'Labels' (None yet), 'Projects' (None yet), 'Milestone' (No milestone), and 'Linked pull requests' (Successfully merging a pull request may close this issue. None yet). A blue box highlights the gear icon next to the 'Labels' section, with an arrow pointing to the 'Apply labels to this issue' dropdown menu. This menu is open, showing a list of labels: 'Bug' (checked), 'CSS', 'Desafío Grupal II', 'Desafío Individual I' (checked), 'Duda General', and 'JavaScript' (checked). Each label has a corresponding colored square and a close button (X). At the bottom of the menu is an 'Edit labels' button.
